

July 2009

Greetings in the Name of the Lord Jesus Christ from Eastern Europe!

What a great blessing that summer is here. It's a wonderful time to gather the harvest from the seeds that have been planted by the Lord.

A team of young people under the supervision of GMI National Missionary Ionel Morar just spent a week in Drochia, Republic of Moldova, demonstrating the love of Jesus. Every day they worked to help the elderly in the poorest neighborhoods. They painted fences and cleaned up their yards. The youth were all from other villages, and the mayor took notice of these acts of kindness and started to speak positively about them. In the evenings, people from Drochia were invited to hear the Good News that was preached. On Sunday evening Ghiorgghi closed the week of meetings, and twenty people received the Lord. It was a time of special grace. In June 2008 the newly planted church raised with all their poverty half of the money for a building from their village. GMI matched their funds thanks to your contributions. Celebrate these new souls with us and pray that these seeds of faith are planted in good soil and the new converts continue to be discipled and grow spiritually.

In Rotunda, Moldova, we held a Sunday afternoon meeting and 6 people received the Lord. The congregation is considering purchasing a property in the middle of town for a church building and we believe God will provide the resources through GMI's faithful supporters. God still has wealth and He is dispensing it through his willing servants.

Our God has continued to prosper the saints. We believe the report of the Lord and not the report of the media. We appealed to you for help with a new ministry van, and we praise the Lord that many donations have been received toward the cost. Please continue to pray for this need to be met as it is vital to our ministry.

Additionally, Roy Wanta, founder of "I AM" World Outreach, Inc. visited us to "see for himself" and donated the funds for the purchase of a property in Terebna, Moldova. This enables another new church plant to grow and more souls to be added to the Kingdom of God. We celebrate all the Lord is doing for His people and through His people.

National missionaries and their wives in northern Moldova were greatly blessed by the teaching of Ken and Cheryl Massey and Ed Stevens from Lakeshore Church in Rockwall, Texas. They were encouraged to hold on when the world is shaken, for their churches would be used for the end time harvest. For the first time in that area, pastors and their wives were able to sit side by side and receive ministry. They were served a generous lunch, and each one received wonderful gifts. They were very grateful for this time of physical and spiritual refreshment.

Summer camps are planned. Seven hundred children, youth, and camp staff eagerly await word from us about resources for the camps. We can plant seeds of hope that can change the life of one child. Parents of the children try to pay half, and often “pay” with produce from their gardens. The children and workers are fasting and praying that the resources will come in. If you can bless a child with \$30 to attend a camp this year, it’s not too late to let them come. We have many more requests than we have been able to fulfill, including one camp designed specially for handicapped children. Time is running out. Please help us as God enables. This is the prayer we pray over you from 2 Corinthians 9:10-15: ***“Now may He who supplies seed to the sower, and bread for food, supply and multiply the seed you have sown and increase***

the fruits of your righteousness, while you are enriched in everything for all liberality, which causes thanksgiving through us to God.” We wish we could describe for you the thankfulness of everyone here that you help. As you meet their great needs, both physically and spiritually, they praise God for you and pray for you. They lift you up as brothers and sisters in Christ, who chose what nation each of us would be born into. They know that many in America share liberally with them even as you refrain from purchasing things you would like to have or vacations you would like to take. Many of you have come and will come to meet them personally, and the saints here anxiously await you because of the exceeding grace of God in you. Thanks be to God for His indescribable gift!

National Missionary Nicu Bodea is organizing a Vacation Bible School in the village of Nicopole, Romania. Our own children plan to attend. As soon as it was announced, some opposition arose. Please pray that all the children will not be disappointed. A team is here from Wisconsin to help with the event. Pray that all the saints here will have wisdom and courage to continue to minister the saving message of Jesus Christ in the midst of opposition.

Nicoleta Cazacu is surrounded by her family as she spent ten days in the hospital recovering from her 27th surgery.

Our most important projects are in our homes. After Nicoleta spent ten days in the hospital recovering from her 27th surgery, she was able to return home. We thank God for all those who prayed for her. The balloon implant is in place and will start to be inflated to prepare her skin for major surgery at the end of summer. Her nose will be broken and reshaped. She endures each surgery without complaint. Our investment in her life is one of the most important assignments God has given us. At the same time, David had surgery on his eyes. He has started to see better than before and we believe it will increase his ability to do things and improve his quality of life. Thank you so much for your love and prayers.

We are so grateful to you for continuing to give to the ministry no matter what

challenges you might be facing. Be assured that we pray for each of you every day and trust that our God is faithful to meet your every need as He promised.

May the grace of the Lord Jesus Christ, and the love of God, and the communion of the Holy Spirit be with you all.

Ghiorghi, Cristina, Nicoleta, David, Hadassah, Leah, and Daniel Cazacu
