

May 2009

Greetings from Eastern Europe to Our Dear Partners!

We had a wonderful time with hundreds of partners at our banquets in Dallas and St. Louis, and we celebrate new friendships formed there as well. We express our deepest gratitude to all those who helped to make these events possible.

Our heart-felt appreciation is also extended to those who responded to the request for sponsorship for Brother Rubin Adrian. The commitments of monthly donations will make it possible for him to dedicate himself to the Lord's work in northern Moldova, where he will soon oversee 60 to 70 churches and continue to plant others. Your confidence in our Heavenly Father to meet all your needs while you meet those of others continues to inspire us.

Summer is a time of great joy for children around the world as they take their break from daily school responsibilities. But some have never experienced joy because their lives are a daily challenge to survive. Free summer camps for children and youth where they hear the Gospel have rekindled hope that their future has promise. Two years ago 650 were blessed in the camps we sponsored. Our God is a God of *increase*. Last year we grew to 750! Fifty percent came from non-Christian homes, but eighty percent of those attending received Jesus Christ as their Savior. Fifteen churches will bring them in and help to make this a life-changing time. As you prepare for your own summer fun, pray that with the Lord's help you can enable one child or teen to be part of the camp experience. For only \$30 you can set one child on the journey to a changed life.

Summer is also the season when mission teams come to sow their gifts and talents into the lives of the people in Eastern Europe.

*Partners and friends enjoy the praise and worship at the St. Louis banquet.*

*Children enjoy hearing God's word at the summer camps.*

*The joy of the Lord shows on their faces at the summer camps.*

Opportunities exist to join teams:

Children's and Youth Camps  
Special Programs in Orphanages  
Women's Conferences  
Training National Missionaries  
Church Planting

*Women's conferences are held yearly by mission teams from the US.*

*Wait no longer to obey the call of God!*  
What He has placed in you is ready to be birthed. You may plant a seed, water a seed or reap the harvest. Contact the GMI U.S. office to learn when teams are coming, then choose one that matches your unique talents.

The opportunity is also the challenge. As we traverse over the notoriously bumpy highways of Moldova, the wear on our ministry van is substantial. Our van has 210,000 km and requires a lot of repair to keep it safe for our mission teams. Seven months of each year Ghiorgi is in the van carrying equipment for summer camps, distributing food to the elderly and shoes to the orphans. He and the national missionaries take the van into unreached villages loaded with musical instruments for evangelistic meetings. It is a critical tool for the ministry. Gracious U.S. partners have committed \$6000 down-payment toward the cost of a newer 9-passenger van. We still need to raise \$32,000 by summer. If you can hop on board the van to transform nations, praise the Lord!

*Ghiorgi distributes supplies from the ministry van*

Our own children are anxious for summer as well. Nicoleta will undergo a major surgery on her face this summer (her 26<sup>th</sup>), so please keep her in your prayers. David needs a second surgery on his eyes. Despite these momentary obstacles, they look forward to going to the summer camps with us and renewing friendships. These are our "family missionary

journeys" and we are always excited to see their spiritual growth.

We love and appreciate all of you! You make everything we do possible by responding to the Lord on our behalf. You are in our prayers daily.

May you be filled with the knowledge of His will in all wisdom and spiritual understanding.

***Ghiorgi, Cristina, Nicoleta, Hadassah, David, Leah and Daniel Cazacu***
